## Doeberitz Airfield

## Legend:

- 1 Shed
- 2 Repair hangar, 50 meters long, 5 and 9 meters wide and 5 and 8 meters high: two ventilating apparatuses are in operation
- 3 Wooden building
- 4 Wooden building, 40 x 6 x 5 meters; hay and straw are stored there, and horse-drawn vehicles are parked there
- 5 Shed, 6 x 6 x 5 meters; fire trucks were observed there
- 6 Loading ramp, 15 meters long; a portion is covered with a roof which is in need of repair
- 7 Bunker 8 x 8 x 8 meters, outside the field border
- 8 Hangar, 15 x 8 x 8 meters, possibly a repair hangar; it was lighted in the evening
- 9 Hangar, 20 x 10 x 9 meters; biplanes are often parked in front of it; possibly it is a hangar for courier planes
- 10 Flying lane, 40 meters wide and 150 meters long with an extension of 150 meters at an angle of 90 degrees
- 11 Fuel dump
- 12 Landing approach beacon
- 13 Adecek DF station
- 14 AA gun emplacement
- 15 Shed. It can no longer be observed since it is surrounded by bushes; provinusly bomb crates were stored there
- 16 and 17 Hangars, 70 x 20 x 10 meters
- 18, 19 and 20 Hangars, 40 x 8 x 8 meters, with cupola roofs
- 21 Flight centrol building
- 22 Border of field, partially surrounded by fence.
